- Your Windjammers Board of Directors is pleased to welcome everyone back to our Summer Meet in Springfield! Each of us has missed performing together for two summers, and we are all excited to play music again – TOGETHER! One of the major challenges the Board faces, however, is to keep our Windjammers band family healthy, safe, and secure during the current state of COVID in our respective areas. Whatever your position, from either perspective, we must play with the cards we are dealt. Yes, we hear the phrase often, “COVID will be with us from now on ... get used to it” but many Windjammers must choose safety due to their age and underlying medical issues that are not divulged publicly. Their health conditions make it very important that they do not become infected with COVID.
- The absence of a COVID policy is not responsible, so for the above reasons and based on what we know today, the WJU Board has adopted a COVID policy that all Windjammers musicians be vaccinated. This vaccination policy is not about choosing sides; rather it is about respecting all of the members of the Windjammers band family in this uncertain and ever-changing environment. Also, each band member is asked to monitor his or her own health situation and skip attendance or events if sick, for the care and concern of our members and audience. Members can continue to wear face masks and practice distancing at the summer meet ... that's their personal choice. In the end, we ask for your cooperation about being vaccinated. We want to keep everyone safe and to play music together in Springfield! Hope to see you there!
